

Call for Papers

The Spirit of German Idealism

During the next three years the **Nordic Network for German Idealism** (NNGI) will be arranging various conferences and workshops for researchers and post-graduate students with interest and expertise in the vast and varied field of philosophy, which takes the philosophies of Kant, Fichte, Schelling, Hegel and Kierkegaard as its most crucial points of reference.

The inaugural session will be on the 10th to the 11th of March 2009 at the Department of Philosophy, University of Aarhus, Denmark. There will be a conference with invited speakers (see programme below), and subsequently there will be a workshop for students (primarily at the PhD.-level). Here all the participating speakers at the conference have agreed to sit in at the sessions and discuss the presented papers with the students.

The papers for the workshop are not restricted with regards to theme, but they should discuss or deal with the philosophies of Kant, Fichte, Schelling, Hegel or Kierkegaard. Since the general theme for work within the NNGI is Spirit (Geist), we particularly welcome papers that deal with this particular theme. They may be historically oriented or deal with systematic issues as the authors see fit. Papers should be of a length suitable for a presentation of no more than 30 minutes.

The deadline for submission of abstracts is February 6th.
The deadline for submission of papers is March 1st.
